STREET TEAM

Our Street Team is here to assist in crime prevention against property, shop-lifting and reporting anti-social behaviour. They also act as ambassadors for Brixton, meeting and assisting consumers, visitors, employees and residents across Brixton.

They patrol the BID area to monitor and report local public realm issues, liaise with local partners such as LB Lambeth, Safer Lambeth BCRP, Met Police and others.

They work in shift patterns covering the busier days and nights. You can contact them using the below numbers. In some instances they might be contactable immediately, whilst at other times phones are not constantly monitored. Please allow some time for the team to get back to you.
